

Ranchos de Taos, three miles south of Taos, considered the most beautiful Spanish church in the Southwest, was erected in 1772. The reredos, including eight oil paintings, back of the altar, dates back to the founding of the church.

The church is constructed of adobe, with walls many feet thick. The flat roof and huge slanting buttresses lend the church the appearance of a fortress. The church's picturesque interior leaves no doubt as to its early Spanish origin.

Ranchos de Taos, by E. L. Blumenschein, reproduced on the cover of this menu, is from the Santa Fe collection of famous paintings of the Southwest.
